**APAMT 2024**  
22<sup>nd</sup> Scientific Congress of The Asia Pacific Association of Medical Toxicology

### About APAMT

The APAMT's Annual Scientific Congress serves as a significant event for professionals in the field of toxicology. This assembly provides a valuable opportunity for participants to not only share their experiences but also collectively addresses emerging issues in toxicology. Facilitated through networking and research initiatives, the congress focuses on critical aspects of chemical safety, poison control, and management. Addressing contemporary challenges, APAMT 2024 strives to contribute to a future prioritizing safety, sustainability, and the prevention of toxic exposures, ultimately fostering a healthier world.
